Welcome to Winona State University — the home of the WSU Warriors! This year our Warrior football team will be involved with 11 games — 4 of them at home and 7 away.

When the Warriors enter the stadium, you can be sure that they will be well-prepared for the day's contest. Winona State's able coaching staff will have analyzed the strengths and weaknesses of the opponents and will deliver defensive and offensive strengths accordingly.

This year was to have marked the 18th and final year of coaching for Coach Myron Smith at WSU — 9 of those years as head coach. During those years Coach Smith not only promoted excellence in the game, but excellence in terms of human values. Unfortunately on August 23 Coach Smith suffered a heart attack. Coach John Martin was appointed acting head coach. Please join me in wishing for Coach Smith a speedy recovery and in extending thanks to him for his many contributions to students, athletes, football, and WSU.

# TODAY'S GAME

Southwest enters the contest on a two game win streak after losing their first two games. Despite gaining just 134 in offense last week the Mustangs beat Moorhead State 13-7. Mustang safety Kyle Johnston was selected as the NAIA National Defensive Player Of The Week along with being the NIC Defensive Player Of The Week, as his 48 yard interception return for a touchdown was the game winner last week for Southwest State. He also racked up nine tackles in the game along with a fumble recovery. Ernest Williams leads the club in rushing with 161 yards on 42 attempts. Williams (#31) is also a dangerous kickoff returner averaging over 25 yards per return.

Look for the Warriors to try to establish their running game which has been nonexistent for most of the season in their Homecoming game today. Tim Anderson leads the club with 131 yards rushing and Dan Redmond has rushed for 3 touchdowns and 108 yards. Quarterback Brent Edwards had not had an interception in his last 3 games (64 attempts). His favorite target is Darren Ripley with 21 receptions for 339 yards and 3 touchdowns. Doug Smart leads the team with 5 interceptions and is one of the national leaders in the NAIA and NCAA with 1.25 interceptions per game. Tom Pohlman has a 37.5 yard punting average and his 39.1 yard average in the NIC is among the conference best.

Welcome to Winona State University. Each Saturday provides an opportunity for you to see the Warrior team in action as they compete against the strong Northern Intercollegiate teams. During the past year Warrior Athletic teams at Winona State University achieved success in conference, district, area and national competition. Along with Baseball winning the conference championship and being ranked nationally in the NAIA, individual athletes in Track and Golf participated in district and national meets. Women's Gymnastics provided national recognition in the NAIA National Championship and NCAA Division II Championships. During the year you should make an effort to see as many Warrior athletic events as possible. You can also help provide scholarships for the Warrior Club Scholarship Program by participating in the Winona State University/Killian Classic. This event takes place in July at the Winona Country Club and is open to all interested people and supporters of Winona State University Athletics. After the game, take time to visit the campus and the beautiful areas surrounding the city of Winona. Athletics is truly a part of the total educational process and through your continued support and attendance at our athletic events it will further substantiate the importance of these programs in our colleges and universities.

Randy Knecht was on the receiving end of 5 passes for 66 yards and 2 scores.

# WSU Athletic Hall of Fame

During Winona State University's 125 year history, many athletes, coaches, athletic directors and faculty representatives have contributed to the distinction of the university. To honor these people, Winona State developed an Athletic Hall of Fame.

The purpose of this organization is to pay tribute and give recognition to those people who have shown distinctive, unique or exceptional ability while on campus and since graduation.

The program is being coordinated through the Intercollegiate Athletic Departments at Winona State.

Criteria for the induction of athletes to the WSU Hall of Fame include:

1. The athlete must be a letter winner as reflected in official university records.
2. Must be a graduate of Winona State University (but waiver is possible under certain conditions.)
3. There must be a lapse of at least 10 years since the athlete last participated at Winona State. The board of directors has authority to give earlier consideration in outstanding or unusual cases.
4. While athletic achievement is of prime importance, moral character and good citizenship during both undergraduate and postgraduate years will be

taken into consideration.

5. Outstanding accomplishments after leaving Winona State will also be a factor in making selections.

6. Alumni-athletes serving on the selection committee may not be considered for induction while serving in that capacity.

Criteria for induction of coaches:

1. No member of the committee will be eligible for induction while serving on the committee.
2. Five years must have elapsed after the completion of a candidate's tenure as coach at WSU.
3. There must be examples of good character and citizenship in a candidate.
4. Other factors that will influence the selection of a coach for induction include the won-lost record, length of coaching career at WSU, concern for welfare of the players, achievements of former players under the coach's direction and outstanding achievements after leaving Winona State.

There will also be an Honorary Induction for those who have made an outstanding contribution to Winona State's athletic program.

## W I N N E R S

Some people set higher standards for themselves. They come out early. And stay late. Funny, how they're usually the winners.

At Ricoh, we set higher product standards. And we put in that extra effort. Maybe that's why Ricoh's line of copiers, digital facsimile, laser printers, and shredders are setting new standards of performance in today's modern office. And that's why Ricoh cameras are winning the attention of amateurs and professionals alike in the world of photography.

Be a winner. Demand that extra effort. Ask for Ricoh. We Respond.

The race-winning Corvette of Rippie/Anderson Motorsports.  
Tires: Goodyear Eagle VR S "Gatorback" street radials.\*

## The fact that both of these Corvettes are on Goodyear Eagle street radials is no coincidence.

The 1986 Corvette Convertible.  
Factory specified tires: Goodyear Eagle VR "Gatorback" street radials.

Every Corvette made since 1984 comes with just one make of tire: the Goodyear Eagle VR "Gatorback" street radial.

Which is no coincidence.

Because the Eagle VR "Gatorback" was developed specifically for the Corvette's tremendous cornering, handling and speed capabilities.

Considering the performance of the Eagle VR "Gatorback," it's not surprising that successful

SCCA Showroom Stock Endurance racing teams like Rippie/Anderson also choose an Eagle street radial.\*

The Eagle VR S "Gatorback," a version of the Eagle VR "Gatorback" made for ultimate grip rather than ultimate treadlife.

The success of both the Eagle VR and VR S "Gatorbacks" has a common source:

Goodyear's ability to engineer better high-performance radials. For virtually every performance car.

So it's really no coincidence that the Eagle VR is to be found on every Corvette made.

Or that the Eagle VR S is the favorite tire of people who race Corvettes in the SCCA Showroom Stock Endurance Series.

In fact, when you think of how the Eagles perform, it's no coincidence at all.

\*Tires shaved to racing depth. Before you race on Goodyear street radials, write the Goodyear Tire & Rubber Company, P.O. Box 9125, Akron, Ohio 44305 for preparation recommendations and procedures.
